Product Name: Robotic Intelligent Vacuum Cleaners
First retail availability: May 2007
Suggested Retail Pricing: \$149.99

What it is:

Robotic Intelligent Vacuum Cleaner is a fully automatic and smart cleaner for all floor surfaces. It will sweep and vacuum from carpet to hardwood to tile automatically.

How it works:

It goes under beds and other places where upright vacuums can't go to clean dirt, dust, and pet hair. It works for about 60 minutes before needing to be recharged. Smart sensor at the bottom prevents the cleaner falling down steps or elevated surfaces. Comes with a remote control. Safety features include: stops automatically when unit gets stuck or was picked up, comes out from dark areas and stops in better lit area once finished cleaning or when battery power is low, gives a warning sound when low on power. Easy to use and clean. Charging time is about 4 hours. LED Indicator will show when it is fully charged. Package includes: Intelligent Cleaner, Remote Control, Battery Charger, Filter, Rechargeable Battery, Cleaning brush, and side rotating brush replacement.

Who Cares?

Home keepers

Why bother?

No time and wasting effort to vacuum the surfaces which couldn't be reached.
